

LIVES OF EXCELLENCE 2024-2025

Brothers of Delta Psi

We hope everyone started the New Year on a good note. The Delta Psi chapter had a strong start for the 2024-2025 academic year, with new and exciting updates to the state of the fraternity chapter and its house. As such, we are thrilled to announce to you these latest updates.

Chapter Update

Delta Psi has welcomed 6 new members with the Alpha Rho pledge class in Fall 2024. These men have joined the fraternity with a variety of interests and strengths that uphold the Fraternity's values of excellence and brotherhood. Some of these new brothers have even taken up the initiative to join and serve in the current Delta Psi Executive Board.

The Directors of Recruitment are currently initiating an informal Winter Rush to boost membership and hope to reach a winter class size equivalent to or greater than the Fall Rush. We continue to see a nationwide decline in Greek membership but strive to innovate and adapt our recruitment strategies.

Additionally, the Summer of 2024 marked a new development in the Chapter House, as the Delta Psi Building Company generously donated twenty-thousand dollars to renovate the front of the Chapter House by removing trees and fixing the dilapidated concrete walkway. Luckily, SB County agreed to pay for half of the expenses for leveling the concrete walkway. This new renovation brings significantly more light into the house and creates a more appealing and welcoming atmosphere for the House.

Newly renovated Chapter House

Executive Board

The Chapter held Executive Board Elections on the weekend prior to Thanksgiving, welcoming new members into the world of leadership, and former executive members continuing their path of leadership.

Jack Walter will succeed Leo Berteau as the Chapter President. Thomas Spaulding and Ben Corlis will both assist him as Vice President. Noah Johnson will now manage the finances of the Chapter as Treasurer. Matthew Piotrowski and Wesley Zalvin will both jointly serve as Risk Management. Joey has assumed the office of Secretary and Gabriel Valero remains as Director of Member Development. Owen Earnest and Drew Storey will serve as Directors of Recruitment, with Dalton Bassler-Haynes as Director of FAAR.

"I joined Delta during my fall rush my first year at UCSB because I saw a genuine group of guys who shared numerous common goals and values. One of the best aspects I believe they have is alumni relations. Moreover, I decided become President of the chapter because of my desire to foster positive change for the house. Ever since I took on my first leadership position, I became obsessed with wanting to grow the house in any way I could, and I felt taking on the President role gave me the best opportunity to do just that. Finally, my plans after graduating include finding a data science related job such as data analytics and/or machine learning"

— Jack Walter, President
Delta Psi Chapter

Membership Statistics

Delta Psi currently has a membership total of 31 brothers. Of which, 14 are fourth years, 11 are third years, 4 are second years, and 2 are first years.
